Scrapbook Basics

\$25.00

So you want to scrapbook, but you are not sure where to begin. This is what you are looking for! We will DIAGNOSE your scrapbooking style, you will LEARN about organization, albums, color, design, tools, techniques and MAKE a great 2-page layout! What a fun & easy class!

Easy as 1-2-3

\$25.00

Ever taken a road trip without a map? Sure, it can be a liberating experience, but it often turns out to be an exercise in frustration. Far from forcing you to stick to the big freeways and miss the interesting sights along the way, a good map both helps you stay on track and allows you to explore the byways you might never know were there. Scrapbooking with sketches works the same way. When you start with a sketch, you save yourself from what, for many scrapbookers, is the toughest part of scrapbooking: figuring out exactly where to put everything. This class will show you just how easy it is to scrapbook with a little help from a page map or sketch.
